SIGGRAPH 2018 **Student Volunteer Program**
Team Leaders Frequently Asked Questions - **Evaluation**

Who will jury my application?

TL Applications are juried by the Student Volunteer Subcommittee. They are evaluated individually and TL selections will be sent by early February. If you are not selected for a Team Leader position, your application will return to the Student Volunteer application pool and will be juried in the next phase.

What criteria will my TL application be evaluated on?

TL applications are evaluated holistically by the SVSC, which means each TL candidate's application will be evaluated by several different individuals. Apart from overall completion, eligibility and proof of enrollment, there is no hard criteria we look for in TL applications. We evaluate applications based on quality, clarity, and thoughtfulness. We are looking for volunteers who can clearly communicate their leadership skills, dedication to service, enthusiasm, passion, and the value they uniquely bring to a team.

For Team Leaders in particular, we are hoping to identify individuals who are self-aware, interested in growth, and have a past history of great performance as SV, who can be trusted with a greater level of responsibility and decision-making authority in the SV Program.

What should I mention in my TL application?

Team Leaders are Student Volunteers who take on a supervisor role and act as liaisons across the different areas of the conference. If you have experiences in leadership roles, customer service, volunteerism, and other service-focused endeavors, we'd love to hear about them.

TL applications that communicate clear examples of past experiences that make you exceptional volunteer material are extremely helpful. As a TL candidate, we also want to hear your thoughts about SIGGRAPH and how you view your place in this conference from a bigger perspective.

Can I revise or add information to my TL application after the submission deadline?

No. All submitted applications are evaluated as your final submission. Edits are not permitted after the submission deadline.

Can I withdraw my TL Application?

Yes. If you wish to withdraw your TL or SV application, please send an email to sv-s2018@siggraph.org.
